POLO SHIRT WITH POCKET

Polo Shirts

Gildan Pocket Polo shirts are no longer available from the manufacturer. However, Somerset Screen Printing is working together with us to ensure our members are able to purchase a good quality pocket polo shirt. These shirts sell very quickly by the manufacturer and sometimes we find a size or two may be temporarily unavailable at the time of your ordering. Product demand and availability can, at times, vary.

Because of this, we have come up with three different styles of pocket polos made in the same Royal Blue color for our members. This way when you order your shirt, if the KP55P is currently out of stock in your size, we have two other styles to go to for availability, the K540P and the K500P. All three styles of these polos look just about the same. The difference is the quality of the material mesh. Below is the descriptions of all three styles as seen in the catalog. (Note that there is a slight difference in style prices)
