

ThumbDV DV3000U

<https://nwdigitalradio.com/>

YOU CAN TRY OUT DIGITAL VOICE RADIO

- ▶ A MEMBER has donated 2 DV3000 ThumbDV's for us, the Somerset County Amateur Club, to loan to any member for the purpose of learning and becoming familiar with the digital voice modes.
 - ▶ This device will allow use of Digital Voice in Fusion, DMR, D-Star and NXDN.
 - ▶ No radio needed.
- 

What You Will Need

1. A windows computer
2. Computer must have a mic, speaker, USB port and Network connectivity.
3. You need a DMR ID, register at Radioid.net
 - ▶ Once the above steps are completed, we can help setup the 3000 and BlueDV software and get you started.
 - ▶ All classes of license can access all modes.
 - ▶ BlueDV Software at bluedv-windows - David PA7LIM

Both ThumbDV's are here and ready to be loaned to whoever would like to give it a try.

Just key up and give your call.

New Hams make your first call with a familiar voice from the Club on XLX814 the club's own reflector.
